Aurastone Group is an Indian Sourcing, Processing and Distribution Company with Capability of supplying innovative and luxurious building materials based on the customer's requirements. At present we cater to both residential and commercial construction projects in India and the Middle East.

We are known for identifying the best products and we are supported by experienced consultants who render their expertise in sourcing materials as per our customer's needs, which not only helps us in dealing with (will help us in sourcing the materials from) the right companies. It also helps us to develop effective operating procedures in sourcing.

We have tie-ups with various manufacturers who follows, stringent manufacturing norms required for exports and we have a team of experts who does the third-party audit to ensure that we source the best products.

Associating with us will help you in reducing the burden of scouting the materials, the time involved in procurement and quality check which will enable you to source the best materials, ensure prompt to supply that helps you to complete your projects in time.

VISION

Our Vision is to be benchmarked for quality sourcing and be the preferred brand amongst the Construction industry globally by 2025

MISSION

Our Mission: is to source best construction and allied materials using experts who are both quality and environment conscious supported by a team of dedicated staff who will be constantly trained and provide with apt infrastructure

VALUES

OUR VALUES ARE

- A** - Align our services in line with customers needs
- U** - Understand the needs of both internal and external customer to serve them better
- R** - Review our performance regularly to improve our services
- A** - Act Assertively during challenging situation
- S** - Seek and share knowledge
- T** - Train ourselves regularly to be updated
- O** - Own the problem
- N** - Nimble in action
- E** - Empathise to ensure we care

GLASS MOSAIC

Aurastone Glass Mosaic, because of its broad color and texture palette, creates impressive visual effects in the field of glass architecture. It offers 150 plus colors, including gold shades that vary. Products with enamels such as Gold, Sparkling and Brillante are exclusive mosaic ranges introduced for the international market.

Aurastone Glass Mosaics are elegant and dynamic, adaptable to any weather conditions, and our range of collections can be used for both indoors and outdoors including exquisite spa, bathroom, kitchen, swimming pool ideas.
